

DELETING THE REPORT SERVER IN MIDDLETIER

To delete the Report server you have to follow some steps.

1. stop opmn
2. stop EM console
3. take a backup of opmn.xml
4. Open opmn.xml.. there must be a entry related to your reports server. carefully delete that whole tag.
5. Then do opmnctl validate opmn.xml to validate your opmn.xml.
6. take a backup of targets.xml.
7. open targets.xml.. There must be a entry for your reports server in that. Delete that whole tag from there.
8. start opmn
9. start EM Console.
