Upgrade From Ubuntu Hardy Heron 8.04 To Ubuntu 8.10 Intrepid Ibex

Posted by [Vivek Gite](#) <vivek@nixcraft.com>

Q. How do I upgrade my **desktop** computer from Ubuntu hardy heron version 8.04 to Ubuntu Linux 8.10 Intrepid Ibex?

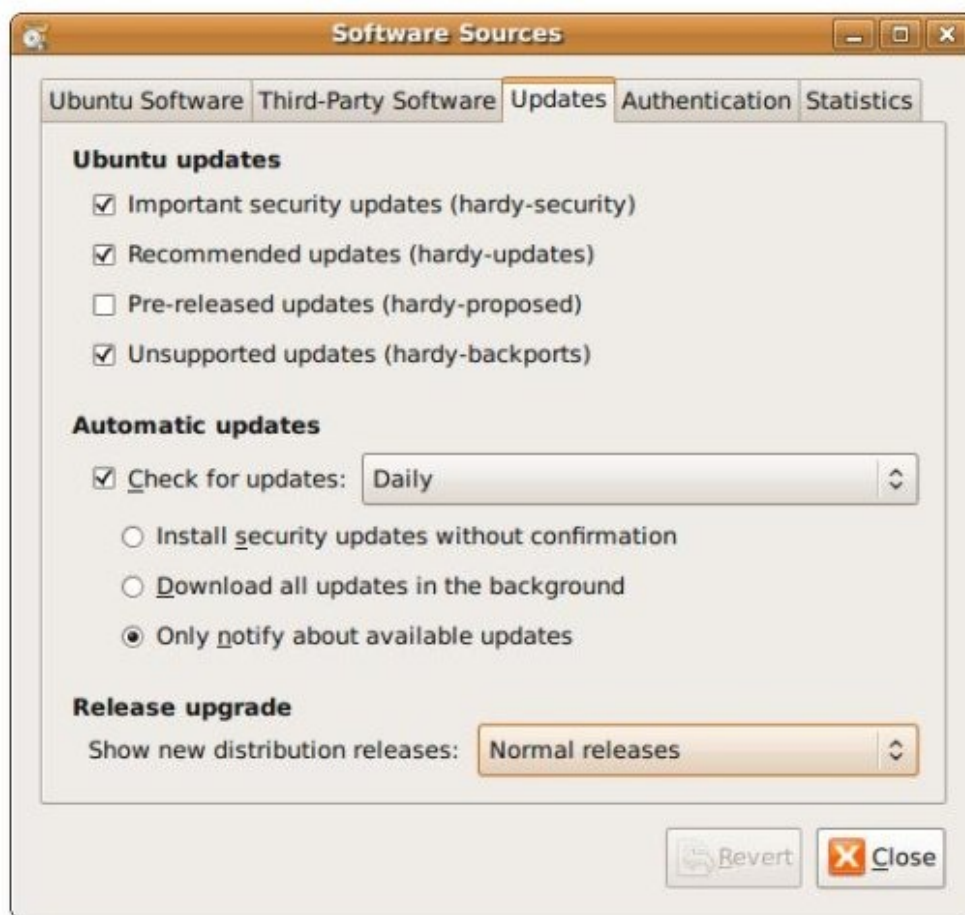

A. You can easily upgrade over the network with the following procedure.

Make sure normal upgrades are available

Visit **System** > **Administration** > **Software Sources** > Select **Updates** tab and change "Show new distribution release" to "Normal releases" > Save the change by pressing close button.

Fig.01: Ubuntu Linux Setup Release

Upgrading to Ubuntu 8.10 From Ubuntu 8.04

Visit **System** -> **Administration** -> **Update Manager**

If there are any updates to install, use the Install Updates button to install them

Click the Check button to check for new updates.

A message will appear informing you of the availability of the new release.
