Linux Delete Folder Recursively

Posted by [Vivek Gite](#) <vivek@nixcraft.com>

How do I delete folder recursively under Linux operating systems?

The rm command remove files or directories recursively and syntax is as follows:

[1]

```
rm -r dirName
rm -r folderName
rm -rf folderName
```

In this example, recursively delete data folder:

```
rm -rf /home/vivek/data
```
