Linux Setting up a software RAID1 system for a complete mirror

Posted by [Vivek Gite](#) <vivek@nixcraft.com>

Q. How do I setup a software RAID1 system for a complete mirror? I am using Cent OS Linux distribution,

A. You can setup a software RAID during installation. However for some reason if you cannot setup RAID 1 during installation, then consider [reading this tutorial](#) ^[1]. It explains how to setup a RAID 1 on a running system.
