FTP site at osuosl to download Linux ISO / Software

Posted by Vivek Gite <vivek@nixcraft.com>

Q. Can you give me FTP site address at osuosl, so that I can download Linux ISO and other software?

A. The Open Source Lab (osuosl) facilitates open source communities and the development and distribution of Open Source Software (OSS). They provide hosting projects and developing software via their web site. The Open Source Lab is a group at Oregon State University dedicated to supporting and developing Open Source software. A wide range of projects are hosted at the lab including Gentoo, Mozilla, Debian, Freenode etc.
